PRIVACY NOTICE

This notice provides you with information about the personal data we collect about people who apply to appear on our programs.

Who we are

We are Freeform Productions Ltd (“**Freeform, We, or Us**”, for short) and A Place in the Sun is made by us.

What personal data we collect

We collect personal data about you, your co-contributor and selected family members when you apply to be on a production. We ask you and your co-contributor to provide most of this information by filling in this form, and by completing a “release” form in relation to filming, which lets us use footage of you to make and distribute the programme.

Once you submit this form, we may contact you by telephone, e-mail or in writing to collect additional information, to help us reach a decision on your application or to let you know that we’d like you to participate. If we do invite you to participate, we may need additional information to produce the programme.

How we use your personal data and how long we keep it

We will use the information on this form in our selection process and if we invite you to take part in the programme.

Freeform will not sell your data to other people for direct marketing purposes. We will not disclose your personal data to any person or organisation except in connection with the production or distribution of our programs, the conduct of our business, to help prevent fraud, or if permitted or required to do so by law.

We receive a huge volume of enquiries and may not be making programmes in your chosen destination(s) this year. For these reasons, we will only contact you if your requirements match our search. If you are not selected to participate immediately but we think we may be able to work with you at a later date, we may decide to keep your application form and any other personal data you give us on file for a period of up to 10 years.

If we decide at any time not to proceed with your application or if you decide not to participate, we will destroy or securely dispose of your form and any copies of your personal data. Please therefore keep a copy of this application form for your own future reference.

We may have to transfer your personal data to a location outside the European Economic Area (“EEA”) if we make a programme in that location, or if we need support for filming from a location outside the EEA. If we do so, we will ensure your rights are adequately protected, including by using standard data protection clauses/contracts with the people we transfer data to. You can get copies of those clauses/contracts by contacting our Data Protection Manager.

Additional information about how we use personal data can be obtained at the online version of our full privacy notice, which can be e-mailed to you on request.

2. We can process your data to the extent necessary (i) to perform a contract with you relating to the programme or to take steps at your request to enter a contract, (ii) to comply with our legal obligations, or (iii) or as necessary to protect your vital interests (e.g. to protect your health and safety on location).
3. We can use your personal data (excluding sensitive or “special category” data) for our legitimate interests or those of our broadcasters or persons involved in making and distributing our programmes, except where those interests are overridden by your interests or fundamental rights and freedoms. The legitimate interests are our and our partners’ commercial interests in making and broadcasting programs.
